1. Getting Started

The screenshot shows the Gruyere: Home application. At the top, there is a navigation bar with links for Home, My Snippets, New Snippet, Upload, Profile, and Sign out. The main title "Gruyere: Home" is centered above a section titled "Most recent snippets:". This section contains two entries: "Cheddar" (blue link) with the snippet "Gruyere is the cheesiest application on the web.", and "Mac" (blue link) with the snippet "All snippets Homepage". Below this, another entry "Brie" (red link) is shown with the snippet "Brie is the queen of the cheeses!!!", followed by "All snippets Homepage". A "Refresh" button is located in the top right corner of this section. The background of the page is yellow, and there are several orange circles scattered across it.

Create profile.

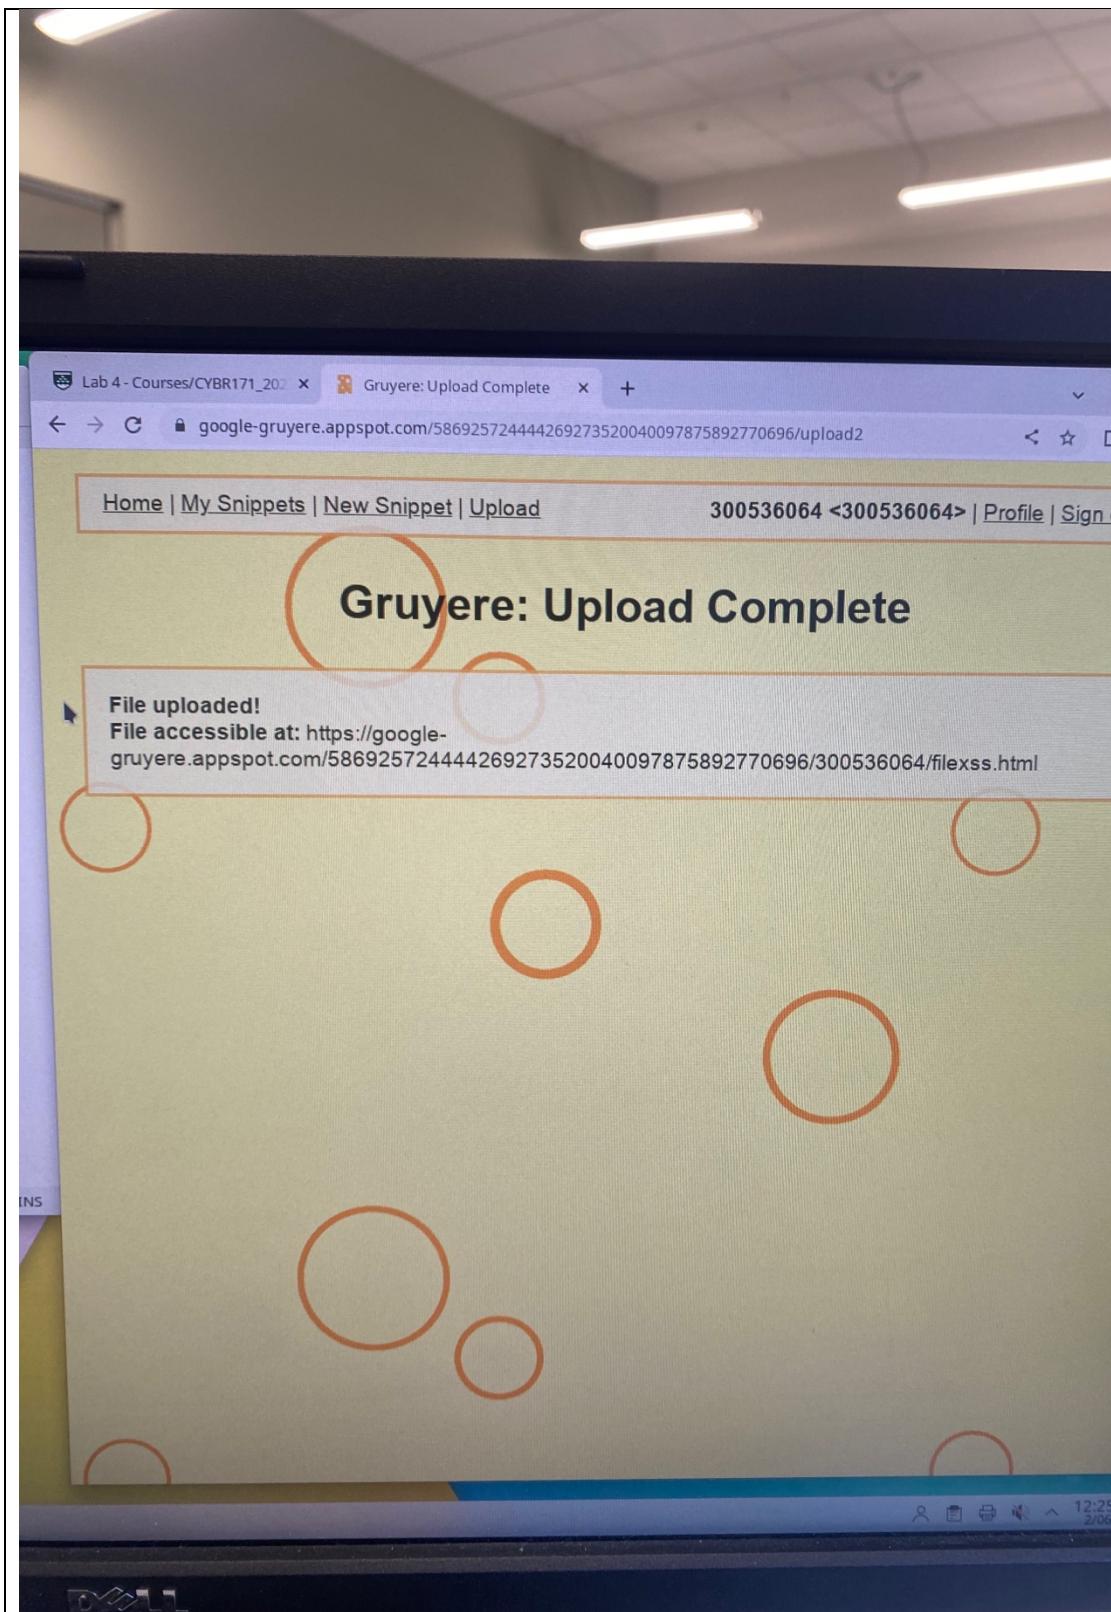

2. XSS Hacks

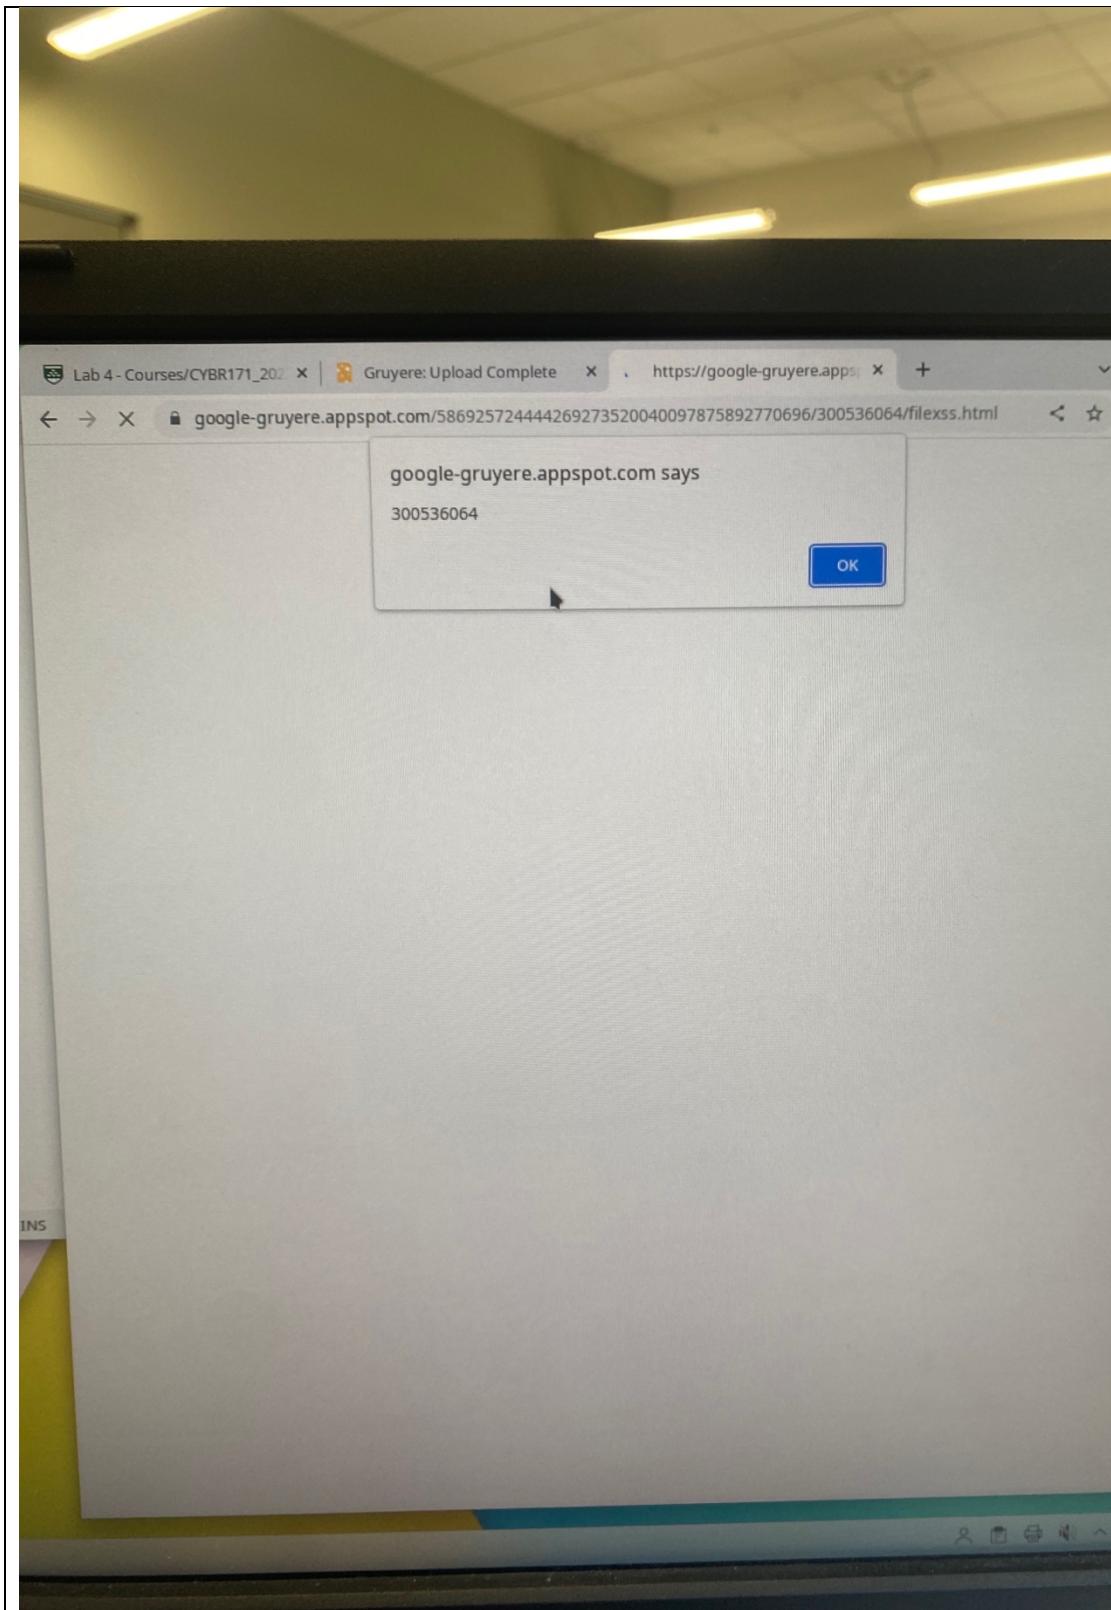

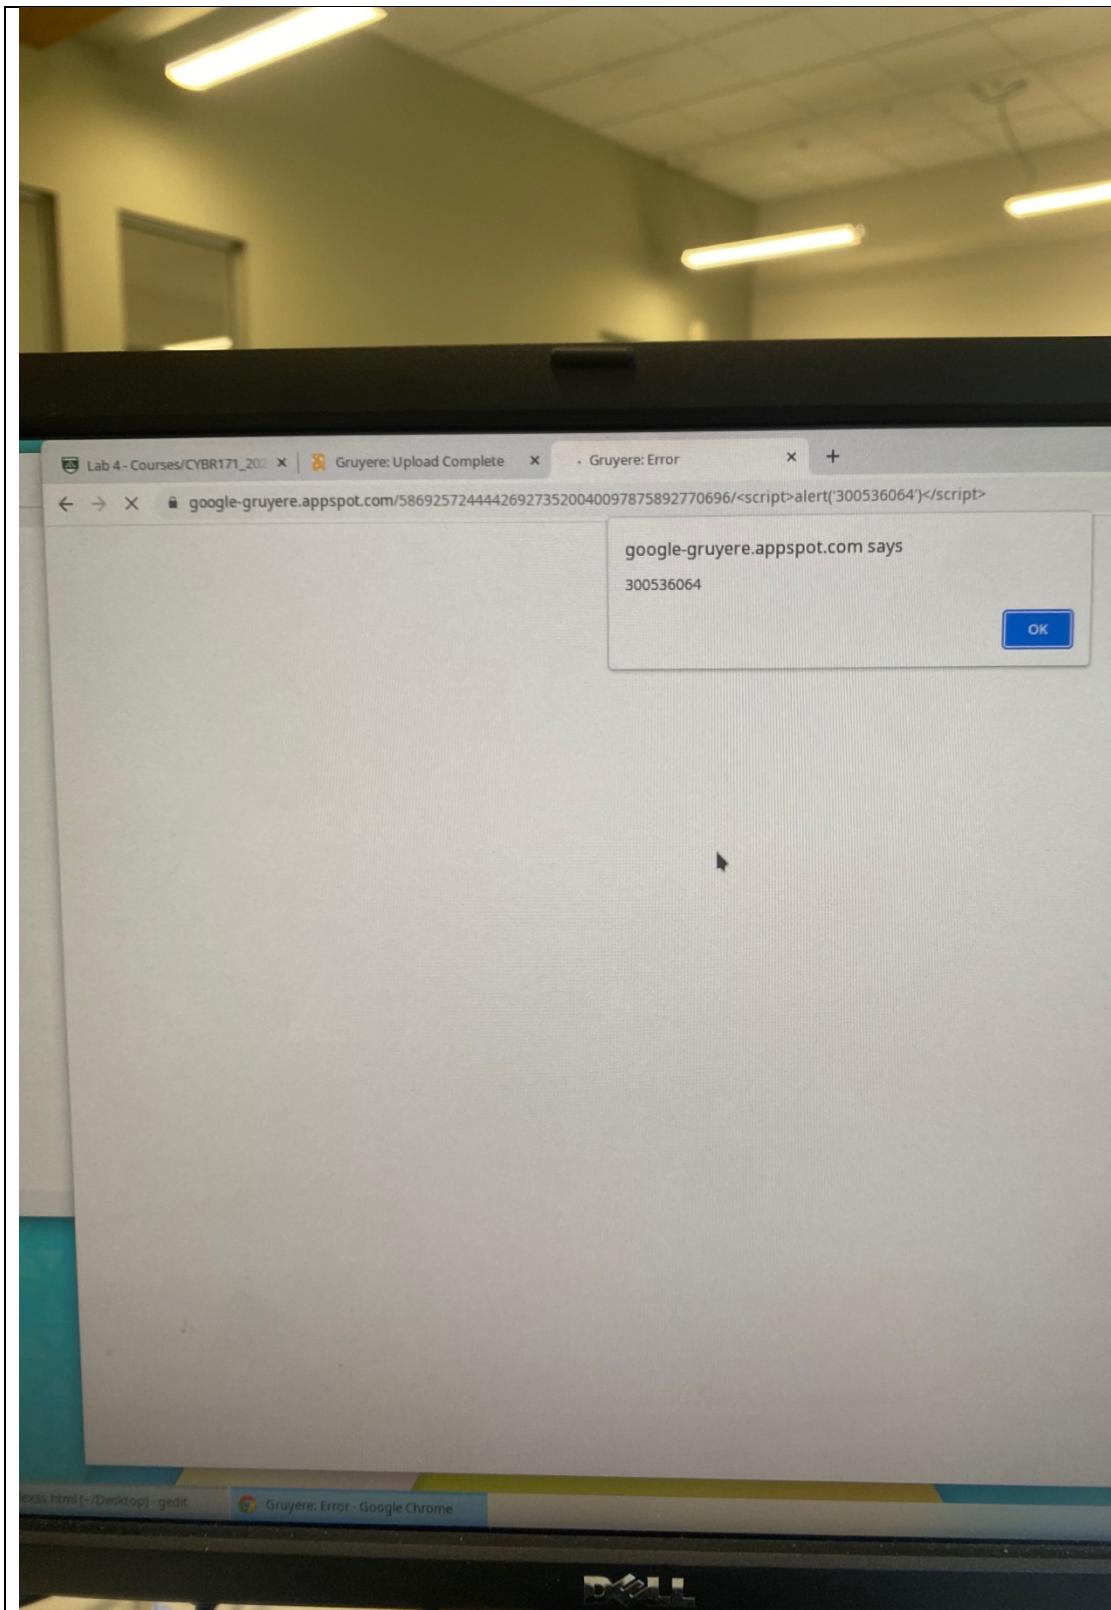

A screenshot of a terminal window titled "filexss.html" located in the "/Desktop" directory. The window contains the following code:

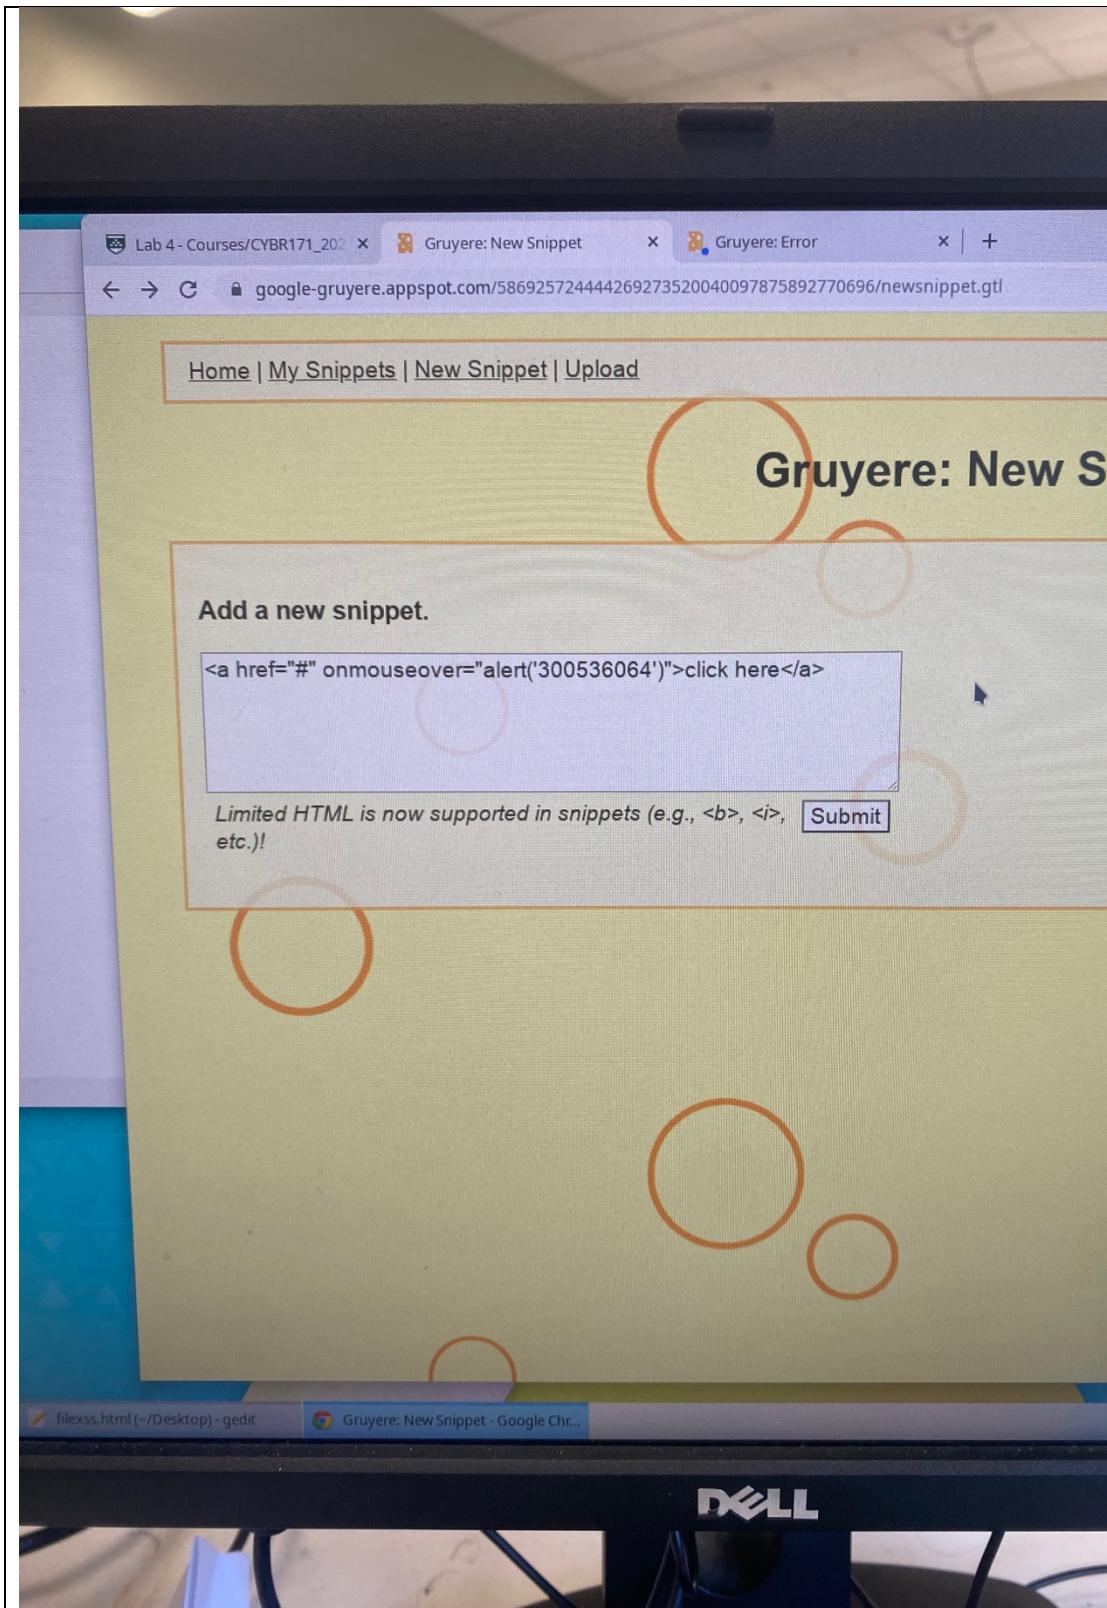

```
1 <script>alert('300536064')</script>
```

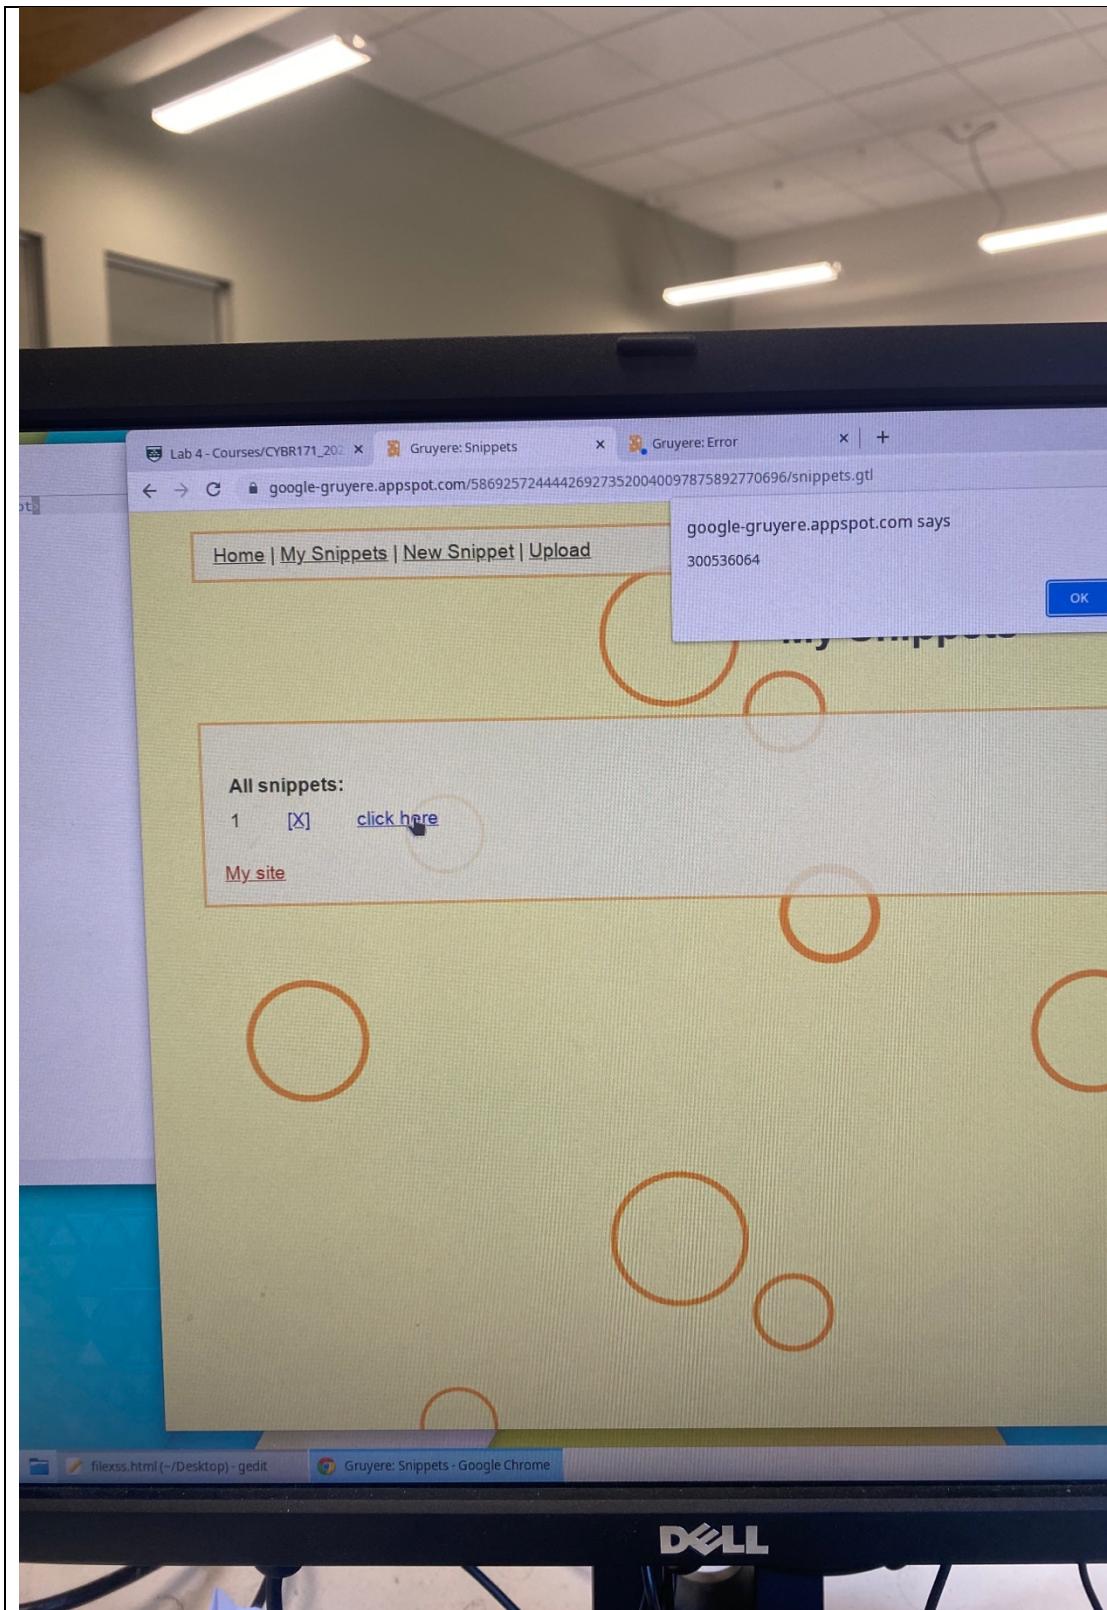

The terminal interface includes standard buttons for "Open", "New", and "Save". At the bottom right, there are dropdown menus for "HTML" and "Tab Width: 8". The background of the terminal window shows a blurred image of a ceiling with fluorescent lighting.
